Tim Curtin
David Hays

Here is what I have. I'm not sure of Tim Curtin's contact info. It's been awhile since I contacted him.

Thanks again for taking the time to speak with Lyndsey and I. You have been the most helpful person to date.

Please send us the contact information you have for David Hayes (Corps of Engineers) and Tim Curtin (US Ecology).

Thanks and have a great summer.

Eric

Do you still want to talk this morning. I'm at Welsbach today. The number here is 856 742-5630 x308

Thanks Rick. How about Tuesday at 11am?

Regards,

Eric

I should be available most of next week. Monday I'll be in NYC (I should be free in the afternoon), then I'll be down at Welsbach from Tuesday (10:00 am) to Thursday (1pm). I have meetings on Wednesday morning, but I'm pretty much free right now the rest of the time. Let me know a good time for you.

Rick

Subject: Hello!!!

Hi Rick:

How have you been? I saw the announcement by Stuart Walker regarding next rad superfund conference and thought of you. I am working with Lyndsey (EPA ERT health physicist that attended last May as well) on rad slag sites in Niagara County.

We were hoping to get on a call with you next week if possible. Our main questions would be in regards to packaging, staging, containerizing and T&D of low level radioactive waste.

Thanks so much. Please let me know your availability and I will send out phone info as well as an adobe Connect link to display visuals.

I hope all is well.

Regards,

Eric
